- VI. Presentations and Discussion, as follows:
 - A. **New Venue**

Due to ongoing construction at Rogers Park Elementary School, our permit was denied for this year. Vice President Linda Chase secured alternate space at the BP ENERGY CENTER (the green building). We encourage you all to attend and become acquainted with the new venue.
 - B. **Midtown Traffic Revision Concepts.**

Over the summer Jim Wright and Dave Evans have been attending meetings of the Citizens Advisory Council, sponsored by design engineers DOWL and the state DOT. We will provide an overview of multiple design concepts plus anticipated non-motorized crossings, so far presented by DOWL/DOT. We may vote approval or disapproval as to certain aspects of these plans. Please attend and vote your preferences.
 - C. **Crime & Safety Committee Update.**

Over the summer Linda Chase, Gretchen Cuddy and Julie Bleier have been active, and will provide a summary of ongoing efforts. We expect to have proposed resolution(s) to approve a 12 point program and for designating our neighboring greenbelt to the north a Camp-Free Zone.
 - D. **Other announcements as time permits.**
