- 3) Guest Speakers – Tom Wood, Jeff Friedman and Fred Dyson
- 4) Committee Reports

\*\*Note: Our agenda is subject to modification to allow input/action on issues that did not make this notice. Any problems or concerns you may have about your area, please contact us.

Comments from the Chair: Larry Smith and I will host a town meeting...no date set or meeting place. The Municipality is ready to address us concerning CVFD. The Birchwood Airport Master Plan is moving along...most of Alternative 2 has been dismissed except for the new apron development adjacent to the S.E. apron. The next Airport Plan meeting is November 6<sup>th</sup> and I hope to be attending. A reminder to all that a meeting on November 6<sup>th</sup> at the Chugiak Senior Center with CVFD will be discussing the new ambulance fee with citizens. If people have questions or comments you need to show up. On November 10<sup>th</sup>, P & Z will be addressing a "minor" amendment to the Loretta French gravel haul. It's a public hearing and people are invited to comment. I don't know what the amendment is...could be to increase the truck traffic or extend the contract. The formation of the proposed Fire Lake Council has included some of Birchwood's area in its boundaries so we need to have input and discussion on this issue. Don't allow someone else to make our decisions for us. Elections need be finalized and we need to think about amending our bylaws to conform to the new boundary ordinances. There are plenty of seats at our meetings so plan on attending.
