

PROJECT FACT SHEET // JULY 2022

State Project No. CFHWY00713
Federal Project No. 0001693

AMATS: NORTHERN LIGHTS BLVD – MINNESOTA DR TO SEWARD HWY SIDEWALK REPAIRS

PROJECT OVERVIEW

In spring 2021, the Alaska Department of Transportation & Public Facilities (DOT&PF) began design work to repair the Northern Lights Boulevard sidewalks from Minnesota Drive to Seward Highway. The purpose of this project is to improve accessibility and safety for sidewalk users to local businesses, residences, and transit along Northern Lights Boulevard. Planned project design features include:

- Reconstruct damaged and non-ADA compliant sidewalks and driveways
- Improve safety by managing driveway access
- Correct ADA deficiencies at curb ramps and bus stops
- Provide accessible routes by constructing around or relocating existing utilities

PROJECT SCHEDULE

TASK	DATE
Public & Stakeholder Involvement	Ongoing
Environmental Document & Preliminary Design	2022
Utility & Property Owner Coordination	2022-2024
Final Design	2023
Anticipated Construction	2024
