

Mountain View Community Council

GREAT FAMILIES LIVE HERE

Executive Committee Resolution 2014-E1

Opposing Liquor License Application (#5329) for a New Package Liquor Store, dba "K & M Distributors," at 3048 Mountain View Drive, Suite 110, aka "Glenn Square Mall"

The Mountain View Community Council received by electronic means first notice of the application for a new package liquor store license (#5329) on 6/13/2014, dated the same day. Transmittal and receipt of this notice was later than the June 9th regular meeting of the Council. As the application was listed on the agenda of the July 8th state Alcohol Beverage Control Board meeting for consideration (posted in July), and being as the next full MVCC regular meeting will not be held until August 11th, the Executive Committee felt it necessary to provide input to the ABC Board in this matter in a timely manner.

The MVCC has received no communication from the liquor license applicant to date. The Council has reached out to the applicant and invited them to appear at the next regular meeting. The MVCC strongly encourages any applicant for any type of liquor license possession in the Council area to appear before the Council.

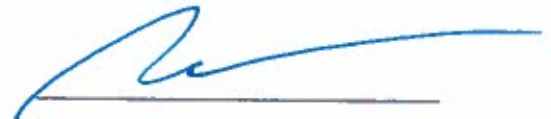

High profile liquor issues have plagued the neighborhood, and the community's public safety battle with liquor issues have been a top priority for decades. Residents of Mountain View are committed to revitalizing their community and making it the best possible place to live and raise a family, and have taken great strides to do so.

The MVCC Executive Committee has conferred and unanimously resolves (5-0) to respectfully oppose the granting of the new package store liquor license in question.

Dated this 7th day of July, 2014.

Daniel George, President

Diane Mead, Vice-President
