

2006

SAND LAKE COMMUNITY COUNCIL - MARCH 14 MONDAY 7PM
SPUHLER HALL @ CALVARY CHURCH -CORNER OF 80TH AND JEWEL LAKE RD

SCHOOL BOARD AND ASSEMBLY CANDIDATE FORUM NIGHT!!!

7:00pm Not confirmed but planned Legislative Teleconference

7:30pm Anchorage Tomorrow presenting Road Bonds

7:40pm presenting the Kincaid Project Group - sharing improvements

AT 8PM WE WILL BEGIN OUR SCHOOL BOARD FORUM

We are very hopeful to have the school board candidates ready to introduce themselves: Mr. Steiner, Mr. McCoy, Ms. Marks, Mr. Lamb, Mr. Moljenis. We will limit this to a half hour. Ask the hard questions!

AT 8:30PM WE WILL BEGIN OUR ASSEMBLY CANDIDATE FORUM

Assemblyman Dan Sullivan and Mr. Matt Claman will be with us.

Time permitting we will have the assembly update after the forum

Time permitting we will have an airport update.

Time permitting we will also have the minutes and treasurers report.

Time permitting we will have committee reports.

Announcements: In April a presentation on the Kincaid chalet trail! AWWU has had local meetings with our community regarding main lines and the assessments in the areas needing to hookup to water/sewer. NOW is the time for all of you living on wells and septic to call these 2 numbers for more information.... Roberta Piper @ 564-2767 and Rep. Norman Rokeberg @ 1 800-773-4968!!!

On March 7 or 8th @ 6pm and I do apologize for not knowing the correct date here. The community is invited to Spuhler Hall at Calvary Church with members of SAAC sharing the newest information. Please call Betty Dodds for information regarding this meeting.....248-4549.

This Council/community is reaching out to Andrew and Vicki Halcro.... prayers have been answered regarding the serious health journey they have been through together.

This council/community extends their love and support and prayers to the family members of two prominent businessmen in our community who have passed away - Mr. Teekel who owned the Jewel Lake Bowl Mall and Mr. Rainey who owned and operated Value Liquor. These men contributed in so many ways to our community and they will be greatly missed.....

Now is a great time for neighbors to think of making their neighborhood AWARE and ready...for disaster..... the more neighborhoods ready for a disaster..the more we will be better to assist others in times of crisis! For more information please call: 343-4491

I have had the privilege of being accepted into the Citizens Police Academy. I get to graduate on March 12, and I want to express my gratitude to the city/police department for sponsoring this academy. I encourage everyone to apply to this academy in the future classes. It is worth your time in so many different ways. Pam Jennings and I are in this class and we are just enjoying every class and every speaker.

Last month our secretary Mike Cimino was really ill. I tried hard to take notes and run the meetings.. it was a hard task....

We enjoyed hearing from Mr. Gene Desjarlais and Mr. Sell. They came regarding the sports dome that is planned behind the old Seafood Plant. This dome will be similar to the dome on New Seward Highway which allows golfing. A track around the soccer fields and a place to play high school football.. and much more. The community's concern was rezoning. If the plans should fail for whatever reasons in future the community expressed the desire for the planning department to consider allowing for all business surrounding this sports dome to not be effected because of the rezone which if passed allows for just about any type of business including heavy industry, by example: a large manufacturing plant.. which could be legal if the rezone is allowed.

The cell tower proposal was asked to look into another area and or perhaps camouflage this pole. The people spoke that Anchorage needs to have a plan for all these towers going up at random all over. Resolution passed asking for consideration of the former two issues.

We also heard from the school site selection southwest. It appears that an elementary school could go in the lower half of the Sand Lake gravel Pit..the place closest to the corner of Dimond and Jewel Lake..and/or a middle school in the Anchorage Sand and Gravel pit on the east side of Dimond Road. Tremendous concerns over the elementary school proposal.

Stephanie Wheeler let us know of new things happening with the railroad this summer....A trial run for new type signs were going to be at intersections. The signs would light up when light hits them..much like a glow in dark... AND in April we will hear the train blowing their horns more. The law is being obeyed by the conductors. Toooooot-toot!!!

Our council needs people who would help with Capital projects priorities, a committee to work with Connie Yoshimura and her potential development and manpower to help reach out in our community. 223-0684

Sherri Jackson We are here to serve you!
