

MUNICIPALITY OF ANCHORAGE

Office of the Mayor

Phone: (907) 343-7100

ASSEMBLY UPDATE February 2, 2021

Administration Actions last Week

January 28 – Mayor announces [Emergency Order EO-18](#), which strategically eases restrictions on certain hard-hit sectors/activities, which keeping other limits in place to prevent the virus from returning to extremely high risk levels. The order goes into effect today, February 1. Find more information in the [press release](#).

Additional attachments to the order:

- [Attachment A - Day Camps](#)
- [Attachment B - Child Care](#)
- [Attachment C - Indoor Shopping Special Events](#)
- [Attachment D - Hospitality](#)
- [Attachment E - Organized Sports](#)
- [Attachment F - Fitness and Gyms](#)
- [Attachment G - Personal Care Services](#)
- [Attachment H - Entertainment](#)
- [Attachment I - Gatherings](#)

The Mayor also made available two documents to help the public understand how risk-level is evaluated, and what public health interventions are associated with a given risk level: an updated [Roadmap to Recovery](#) and [Health Risk Metrics](#). Both can be found on the [Municipal Updates page](#) of the MOA's COVID-19 website.

COVID-19 Data Snapshot

Update as of 11:50 am on February 1, 2021:

14-day case rate average per 100k people: 18.04 (a decrease of 0.56 from yesterday.)

Context: Averaging the per capita incidence of COVID-19 over 14 days reduces the influence of day-to-day fluctuations in the number of cases identified in a community.

7-day test positivity rate (with 7-day test reporting lag) 2.56 as of 1/25/2021 (a decrease of 0.12 from yesterday.)

Context: The test positivity rate is simply the fraction of tests that come back positive. A low positivity rate suggests that sufficient tests are being conducted to detect a high proportion of current cases. According to the World Health Organization, the test positivity rate from a comprehensive testing program should be at or below 5% for at least 14 days before relaxing restrictions or beginning to reopen.

Current COVID-19 hospitalizations: 33 confirmed cases and 4 PUI (an increase of 2 confirmed case and no change in PUIs from yesterday.)

Context: Hospitalizations provide a measure of more serious disease and is less affected by fluctuations in testing. Hospitalizations may be affected both by local cases and by remote cases transferred in to Anchorage from communities lacking sufficient hospital capacity.

Anchorage staffed adult ICU Beds Available: 7 adult ICU beds out of a possible 68 staffed adult ICU beds (No change in available or possible staffed adult ICU beds from yesterday.)

Context: Availability of ICU beds is an important measure of health care capacity. This count is based on General Acute Care and Critical Access facilities in Anchorage. The denominator may vary depending on staffing considerations. The number of ICU beds in use may be affected both by local cases and by remote cases transferred in to Anchorage from communities lacking sufficient ICU capacity.

Total resident cases to date, in and out of state: 25,063 (28 new cases reported today.)

Context: Most cases only remain infectious for 10 days. Individuals may experience health effects of COVID-19 after they stop being infectious.

Economic Relief/CARES Act Distribution Update

Rent/Mortgage Relief and Utility Assistance

\$22.2 million has been spent. United Way is [pausing](#) applications, since the previously allocated rent relief funding has been committed to existing applicants.

The Municipality is working with Alaska Housing Finance Corporation and Cook Inlet Housing Authority to ensure that new rent relief funding, including the ~\$35 million coming to the Municipality, is distributed in coordinated manner, efficiently, and in compliance with federal eligibility and reporting requirements that didn't exist with the housing assistance program funded by the CARES Act. Alaskans can check their eligibility for the program [here](#).

Tourism Relief

The Municipality of Anchorage (MOA) will begin accepting applications for the Tourism Grant Program on February 3, 2021. The Tourism Grant Program will provide three tiers of grants – \$10,000, \$25,000, or \$50,000 – to various businesses and organizations that rely primarily on visitation to the community. Grant amounts depend on the size of the business, as measured by 2019 income. The grant supports Anchorage tourism businesses that have experienced economic hardship and income loss from the pandemic's effects on outside visitation.

Businesses may apply [online](#). The deadline to apply is February 17, 2021. Additional information about the Tourism Grant Program may be found in this [FAQ document](#). Applicants can email grant@anchorage.net with questions or for technical help with the application process. ([Press Release](#))

Hospitality Relief

Businesses that received the MOA's hospitality grants from Alaska CHARR and Alaska Hospitality Retailers (AkHR) during the first funding round automatically received second round payments equivalent to the grants value from the first round. AkHR completed distribution of all round 2 payments to Tier C hospitality businesses without liquor licenses last week. Alaska CHARR distributed all round 2 payments to Tiers A, B, and C with liquor licenses last week.

Small Business, Nonprofit, and Individual Artist Grants

Nonprofit and individual artist grants have been distributed. Cook Inlet Lending Center (CILC) continues to fund waitlisted businesses from Round 2 and the 180 randomly selected businesses from Round 3.

Child Care Assistance

No update this week. The \$10 million allocated for child care in 2020 has been disbursed.

COVID-19 Peer Leader Navigator (CPLNs) Program

Since the end of September, CPLNs have reported over 848 hours in direct peer support and have helped 759 individuals access services and information in 66 unique, countable ways. The main topics CPLNs help their peers with are food supplies, health information, rent and mortgage assistance, child care/K-12 education, employment, and public assistance. A language other than English is used for more than eighty-five (85) percent of CPLN support, including Amharic, Arabic, Dinka, Korean, Nuer, Russian, Samoan, Somali, Spanish, and Tongan.

EOC Situation Report

EOC Current Objectives, Emergency Orders, and Emergency Declaration Dates

Active MOA Emergency Orders	
The full dashboard can be found here	
EO-04: Waives Bag Fees and Allows Plastic Bags	June 2, 2020 - until revoked
EO-08: Curbside Pickup of Alcohol and Marijuana	April 27, 2020 - until revoked
EO-12: Outdoor Seating for Serving Alcohol	June 17, 2020 - until expiration of emergency declaration
EO-13 v3: Mask Mandate	June 29, 2020 - until modified or revoked
EO-18: Easing Up	February 1, 2021 - until revoked

EOC Current Objectives
STANDING ORDER: Provide a safe environment for the public, responders and the EOC.
Provide timely, accurate, and audience targeted information and guidance to the public related to COVID-19.
Ensure that vulnerable populations are protected through Mass Care operations.
Perform medical countermeasures activities in support of COVID-19 vaccine dispensing.
Continue to provide community members COVID-19 testing and provide results on average within 72 hours.
Support Anchorage Health Department with Contact Tracing and Monitoring.
Initiate transition planning processes with priority partners.

Emergency Declarations	
FEMA Major Disaster Declaration for State of Alaska	January 20, 2020 - until revoked
DHSS Public Health Emergency Declaration (national)	January 31, 2020 - April 21, 2021

EOC Current Objectives
STANDING ORDER: Provide a safe environment for the public, responders and the EOC.
Provide timely, accurate, and audience targeted information and guidance to the public related to COVID-19.
Ensure that vulnerable populations are protected through Mass Care operations.
Perform medical countermeasures activities in support of COVID-19 vaccine dispensing.
Continue to provide community members COVID-19 testing and provide results on average within 72 hours.
Support Anchorage Health Department with Contact Tracing and Monitoring.
Initiate transition planning processes with priority partners.
