Meeting ID: 988 1467 8091

Passcode: 740675

Questions? Contact Tanya Hickok, PE (907)-522-6776

Informational Announcement

The Alaska Center, Solarize Eagle River
Hello Eagle River Valley folks,

It's official. Solarize Eagle River is happening across our communities! Big thanks to all of our neighbors who have worked to get the program started so far.

Solarize Anchorage is a program of The Alaska Center and Alaska Center for Energy and Power (ACEP). The campaign works by bringing neighborhoods together to invest in solar in bulk, to receive a volume discount. Your selection committee has reviewed all proposals and has selected Alaska Solar as your Solarize installer. If you own a home or business in Eagle River, Birchwood, Chugiak, Peters Creek, Eklutna Village, or Eklutna Valley, you can participate.

If you already know you are interested in the program, Alaska Solar is scheduling complimentary site assessments for individualized solar production for residents and businesses. [You can sign up for a site assessment here >>](#)

If you need more info, come to a community workshop with The Alaska Center and Alaska Solar where you can learn more about the program and Solarize discounts available to you.

SAVE THE DATE for the Solar Informational Q&A!

Thursday, June 24th at 6pm, at Room 170, next to the Eagle River Library.
Stay tuned for more updates by joining the [email list-serve](#).

At this workshop, you will be able to meet Alaska Solar, ask questions, and learn more about savings available to you through the Solarize campaign. **This year you can receive a 26% tax credit on your investment - this tax credit was raised by 4% this year!**

Can't make it? You can watch [our first virtual meeting](#) on facebook. This Solarize campaign offers a limited time discount on your home installation. The deadline to participate in tiered pricing is **Friday, August 20th!**

To join the volunteer team, email solarizeeagleriver@gmail.com
For more information about the Solarize campaign, you can visit [our website!](#)

Thanks, see you in the sun!
Susan & Josiah
