March 2022

1. Alaska Safe Travels:

- The Airport is open and operational. ANC uses airport-cleaning methods and materials with multilayer cleaning protocols in its facilities that reduce the potential for acquiring communicable diseases. For more on what ANC is doing to keep travelers and employees safe, please visit our website at ancairport.com.
- The State of Alaska has no special entry or travel testing requirements. Visit AlaskaSafeTravels.com for traveler information and advisories, as well as links to community-specific travel restrictions, and information about arriving via the Alaska Ferry or road.
- Vaccines are free and available to Alaskans and travelers age 12 or older at the Capstone Anchorage Airport Clinic located in the Concourse A/B ticketing area within the South Terminal. Visit ancairport.com/covidvax/ for more information.

2. COVID-19 Testing Discontinued:

Travelers destined for locations, such as Hawaii, that require proof of a negative test **must** have their results with them prior to arriving at ANC. Boarding decisions are made by the individual airlines, not ANC. To find testing locations, visit <https://anchoragecovidtest.org/>.
