The Municipality of Anchorage develops an annual citywide list of Capital Improvement Projects (CIP) that includes road, drainage, trail, and park projects, predominately on Municipal property (not State of Alaska property). The list is prepared and ranked by the Project Management and Engineering and Parks and Recreation departments based on input from community councils, the Assembly, mayor, and individual residents.

Anchorage Metropolitan Area Transportation Solutions (AMATS) has a somewhat similar process for road, trail, and other projects on State of Alaska property.

The Rogers Park Community Council (RPCC) contribution to the CIP process starts with RPCC members nominating projects <u>using this form.</u> In the spring of 2023, council members will vote to rank the projects, and then our ranked list will be submitted to the Municipality and AMATS. The RPCC's CIP committee manages this process.

## Notes:

- 1. Only RPCC members may nominate projects.
- 2. Nominations will be accepted any time before the April meeting.
- 3. Nominated projects should generally be within <u>council boundaries</u>: 36th Avenue on south, Seward Highway on west, Chester Creek on north, and Anchor Park east of Lake Otis.
- 4. CIP projects are typically related to parks, trails, roads, or drainage.
- 5. Members may nominate more than one project but must use a separate form for each project.
- There should be only one nomination for a specific project, so please check to see if your project is already on the <u>2022-2023</u> <u>list</u>. For reference, 2021-2022 projects <u>can be viewed here</u>.
- 7. Projects from previous years are not automatically carried forward and must be re-nominated to be added to the current list.
- 8. Support your non-parks/non-trails proposal with justifications similar to those in <u>this MOA ranking document</u>.
- 9. Nominators may be asked to present their project to council members at the April meeting or a special meeting.
- 10. The form requests the nominator's name, email, and phone number so the CIP committee can coordinate presentations or

gather additional information. The committee keeps contact information confidential.

11. Nominators should email project maps, photos, sketches, or files to the CIP committee at <a href="mailto:rpcc.cip@gmail.com">rpcc.cip@gmail.com</a> for inclusion into the nominated project spreadsheet. Emailed questions are welcome, too.

Your CIP Committee, Bob Butera Heather Ireland Dave Evans
