Resilience Reminders! Winter weather on the hillside brings windstorms, power outages, and icy roads. Residents are encouraged to be prepared - transition to winter with weather cycles where warming brings wind, potential rain on frozen roads; and cooling brings slick roads. Wind storms and occasional power outages are typical. Chugach Electric information on Facebook is handy, and reporting your outages and tracking events on the CEA website can help them quickly assess the scope of an outage. CEA also offers resources on preparing for power outages and will assist you with backup generator integration. A key issue is ensuring that if you use a backup generator, that it is not connected to your primary home's power and the grid in a way that might electrify the lines that are being repaired. With wells for water, a backup water supply is essential. For links and more information see RCCC Resilience at <https://www.communitycouncils.org/servlet/content/Neighborhood%20Resilience%20Committee.html>

ASSEMBLY 101: Check out the Assembly's [videos](#) on how to effectively testify before the Assembly, read Agendas, or understand how they function.

Community Notes from JBER: contact Jber.pa@us.af.mil 907-552-8996, or see <https://m.facebook.com/JBERAK/>

- As we welcome 2023, January is the best time to renew your iSportsman permit. Permits are \$10 or \$5 if you are a disabled veteran (50% or greater) or senior (over age 60). Remember permits are by calendar year, so wait until January to get your 2023 permit and maximize its use! Go to <https://jber.isportsman.net/> and click on "Register" to get your pass.

-Military training may increase noise in the surrounding areas beginning January 18th. These trainings are scheduled to end by 11 p.m. We will make every effort to not affect the lives of those living near our training areas. Thank you for your patience and understanding.
