#### **Assembly/Legislative/School Board Reports and JBER**

State Representative Mina - she will be back in Anchorage next week; the 33rd legislative session is officially over. Review of passed legislation.

Assembly Member Rivera - runoff election votes will be counted through next week, certified May 31st, administration sworn in July 1st. Next Steps pilot program report out. Hotel emergency cold weather shelters are winding down. Debate on Tuesday (21 May 2024) about camp abatement.

Assembly Member Zalatel - pothole season is here, report to 343-MEND or email Meg/Felix if there is a whole-road issue. Street sweepers are out. Special meeting of the enterprise and utility oversight committee, mostly about the Port.

School Board Member Jacobs - it's also graduation season - congrats to all graduates and their families. Info on ceremonies is on the web page. Operating budget has one-time funding more than planned for, so fewer cuts will have to happen. Alas, this will repeat next year unless changed by the legislature. 6th grade going to Middle School, Career Academies, and start time change details can be found on the ASD website. Some Board members want to remove accountability measures for failure to attend their assigned Community Council; please reach out by email (schoolboard@asdk12.org) if you have an opinion on changing that CC attendance policy. Assembly Member Bronga - absent

Assembly Member Volland - absent

State Senator Dunbar - absent

JBER Representative Boston - absent

### **E 20th Ave project update**

Brooke Blessing

Update on sidewalk plans. Will only be the 20th Ave stretch (Phase 1), hopefully will do Nichols and Norene in later years. Drainage will be addressed, but there are limited storm drains to use. June 3rd is breaking ground; hope to be done by end of July. Cracks in spur trail will be addressed; no other trail rerouting/expansion. Trail will be closed during the work but hopefully not too long.

### **[Resolution regarding residential plow-out plan](#)**

Motion to approve made by J. Ferrarese, seconded by J. Fisher

Move to amend to include additional active transportation by A. Moser, seconded by E. Weiser  
Alas, we lost quorum before we could vote on anything.

**Housing Opportunities in the Municipality for Everyone Initiative (HOME Initiative)**  
[presentation](#)

Assembly Members Brawley, Zalatel

Presentation and discussion. Submit comments to Assembly members and/or Planning and Zoning.

Monday, May 20th is the next public hearing.

**[Capital Improvement Program priorities](#)**

C. Ward-Waller
