

Midtown Community Council December 2011 Message

Hello All!

Unfortunately, I need to cancel this month's (December 2011) council meeting. I have injured my neck badly and will not be able to be there Wednesday. No other officers are available to lead the meeting at this time.

There is one resolution that I was hoping we could discuss which I will send on with some comments once I hear from its drafter.

Here is some important information regarding Monday's Title 21 meeting:

The Planning and Zoning Commission plans to make a motion at the Monday night meeting to postpone public testimony on Case No. 2011-104, the Proposed Amendments to the Provisionally Adopted Chapters of the Title 21 Rewrite.

The postponement would be until the second Monday meeting in February (the 13th) in order to provide more time for the public and the Commission to review the material.

It is also so that staff can complete the outstanding and remaining amendments, which should be available to the Commission and the public by the end of December 2011.

Comments to be included in the initial staff packet delivered to the Commission for the February 13th meeting should get them to the department by February 1st.

However, comments will be accepted through the public hearing date.

Thank you,

Chris Bond
