Traffic Safety

Space is limited! Please register today.

Email -airportheightssafety@gmail.com**

DOOR PRIZES! SAFETY KITS! EMERGENCY SUPPLIES!

All attendees will receive a variety of emergency preparedness supplies and information and door prizes will be given as well!

Are we safe? Are you prepared?

After a string of neighborhood thefts this summer and this week's wind storm, we want to be pro-active and discuss how we can take on neighborhood safety. What would happen in a larger disaster, such as an earthquake? It is estimated we may need to go 2-5 days without assistance or even standard services such as grocery stores in the case of a larger scale disaster. How can we be prepared?

Please join us and be part of the solution!

***We are trying for the first time at an AHCC event to provide limited childcare for toddlers to grade 5. Parents are invited to bring infants into the seminar with them. Do you desire childcare? What are the age(s) of the children you seek childcare for? We will confirm your spot once you have registered.*
